One of President Biden's favorite phrases is [Look. Here is the deal](#). Cartoonist Dan Youra transformed Biden's phrase into a collection of cartoons featuring the president and a cast of his fellow Democrats warning about global warming.

The book is one of four books by the cartoonist on the topic of climate. The other three are [Climate Chains](#), [The Book of Carbon](#), and [Ten Commandments for Climate Dreamers](#).

The books more than simple comic books. Their pages feature one or more caricatures of Democrats from Biden, Kamala, Nancy, and Hillary to Chuck, Bill, and Tony. Pages also display links to a scientific studies with facts that question the assertions from proponents of global warming and climate change.

The book is armed with political caricatures. The word *caricature* comes from Italian, where it means "a cartridge, clip, magazine, or bomb." Dan Youra is one of the top caricature artists active today. It is said that, "His caricatures can fill an arsenal"
